

Game Design Document

Fill up the following document

1. Write the title of your project.

Virus Voyage

2. What is the goal of the game?

To infect 100 people

3. Write a brief story of your game.

One day, a virus(pc) is born in this world, and it's going to infect people(npc's). There are people that are cautious and not cautious. The cautious people sanitizes the area the live in and the not cautious does not do anything to prevent the virus.

4. Which are the playing characters of this game?

- Playing characters is the original virus that we users control

Number	Character Name	What can this character do?
1	Original Virus	Infect and lead subjects outside of the sanitized zones and cannot enter sanitized zones
2		
3		
4		
5		
6		
7		
8		

5. Which are the Non-Playing Characters of this game?

- First type of non playing characters are the subjects that are spawned at random places in the game and will follow the pc once they are infected. (Most of the npc's are this type)
- Second type of non playing characters are the subjects that are spawned in sanitized zones and cannot be infected. (The amount of this type of npc is lesser than the previous type)
- Sanitized zone is the areas that pc/virus cannot enter and infect the subjects inside
- Score = number of subjects getting infected

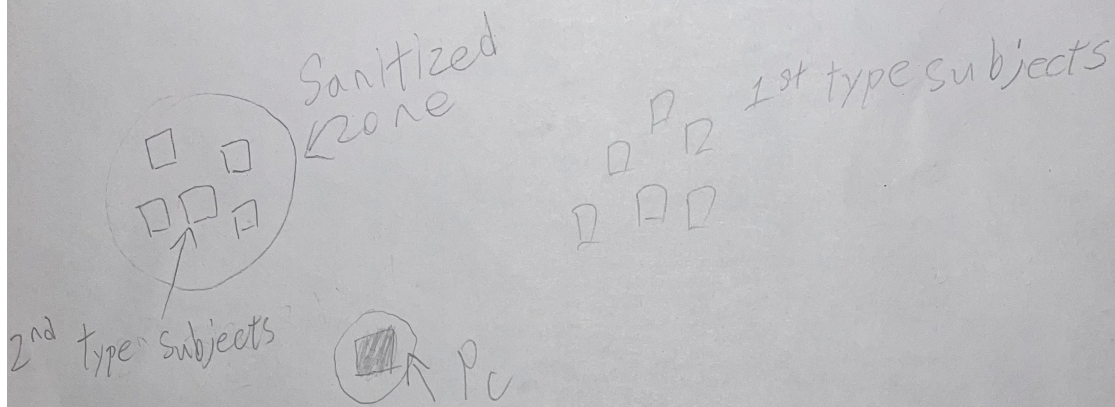

Number	Character Name	What can this character do?
1	Subjects outside sanitized zones	Gets infected and will follow the original virus
2	Subjects inside the sanitized zones	Cannot be infected but also cannot move out of the sanitized zone
3	Sanitized zones	Prevents virus from entering particular areas and infect the subjects inside
4	Score	Shows how many subjects are infected *the limit is 100*
5		
6		

7		
8		

How do you plan to make your game engaging?

- The player can increase the number of people they infected and spread the virus/take over the world
 - Player have to go around sanitized zones and reach the goal
 - Once there are 100 people infected, the game will end and display the message of be cautious and wear a mask, sanitize your hand... and encourage people to be positive, we will get over this.
-

Draw your imagination of this game. What does this game look like?

PC with infected subjects
